*Weight per unit refers to the physical product weight per plank or sheet.

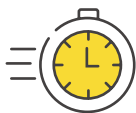

Streetstyle by Cemintel is a fibre cement cladding series designed for Australian conditions, available in a selection of styles ready to paint. Locally manufactured and backed by CSR, Streetstyle comes in a variety of profiles that deliver high quality results, from Contemporary, Hamptons, Modern Farmhouse, or anything in between.

Ready-to-go

Delivered pre-primed and ready for finishing on site. Paint it in any exterior colour to suit the project.

Easy installation

Lightweight and easy to handle, Streetstyle by Cemintel installs cleanly and efficiently to help reduce labour time.

Built for Australian conditions

From coastal humidity to inland heat, Streetstyle by Cemintel delivers strength and stability.

Low maintenance

Once installed and painted, Streetstyle by Cemintel delivers long-lasting performance with minimal upkeep.
